

Implementation Project Manager / Contract/ Dublin

Daysha Consulting are currently recruiting for a strong Implementation Project Manager to join our consultancy team on a contract basis.

As an Implementation Project Manager you will manage the delivery of medium to large implementation projects within a operations and logistics distribution environment. You will be responsible for developing the project approach, supporting the business case with the sponsors and stakeholders and the delivery of the agreed solution to the appropriate quality, timescales and at a cost acceptable to the project governance.

Requirements:

- 10+ years' experience in project delivery
- A proven track record for delivering large implementation programmes with Operations & Logistics (distribution environment)
- A strong background in technology, with proven experience as a project manager
- Clear, concise communicator with excellent relationship management skills
- Strong organizational skills to structure and control complex projects
- Prince2, PMI, APM or equivalent certifications
- ITIL SME with practical experience of implementation
- MS Projects, Visio, MS Office, SharePoint

Section 3 – Summary and call to action

This position offers a great opportunity to work with a high visibility client in a dynamic industry. If interested please reply with CV and summary of relevant experience.

NOTE: You will need to be authorised to work in Ireland and be available to commence work on these projects in the very near future. Please confirm in your response that you can meet both of these requirements.
